Each prospective Bidder will be evaluated to determine if the prospective Bidder and/or persons or entities associated with prospective Bidder have a history of having unmeritorious claims asserted by or on their behalf in litigation or arbitration and/or of having had meritorious design or construction claims asserted against them in litigation or arbitration.

In order to be evaluated, each prospective Bidder must complete the Claims History portion of this questionnaire. Based on the information provided, each prospective Bidder will be assigned a Claims History score.

One point will be assessed for each qualifying lawsuit or arbitration, commenced within 5 calendar years preceding the deadline for submission of the prequalification questionnaire, in which prospective Bidder and/or persons or entities associated with prospective Bidder, had design or construction claims asserted by or on their behalf that were resolved by trial court judgment, arbitration award or settlement calling for receipt of less than 50% of the total amount of claims asserted in the lawsuit or arbitration.

Additionally, one point will be assessed for each qualifying lawsuit or arbitration, commenced within 5 calendar years preceding the deadline for submission of the prequalification questionnaire, in which prospective Bidder and/or persons or entities associated with prospective Bidder, had design or construction claims asserted against them, that were resolved by trial court judgment, arbitration award or settlement calling for receipt of more than 50% of the total amount of claims asserted in the lawsuit or arbitration.

Any prospective Bidder with a score of 3 or more points will presumptively be considered not prequalified because the prospective Bidder and/or persons or entities associated with prospective Bidder have been a party to 3 or more lawsuits or arbitrations in which they either asserted, or had asserted on their behalf, unmeritorious design or construction claims or they had meritorious design or construction claims asserted against them.

The presumption may be rebutted if the University determines, after investigating any explanation offered in providing the Claims History, that the prospective Bidder and/or persons or entities associated with prospective Bidder have not been a party to 3 or more lawsuits or arbitrations in which they either asserted, or had asserted on their behalf, unmeritorious design or construction claims or they had meritorious design or construction claims asserted against them.

If the presumption is not rebutted, the prospective Bidder will be deemed to have an unacceptable Claims History, and will not be prequalified for the Project that is the subject of this prequalification process.

As used herein:

“Lawsuit” means any lawsuit commenced within 5 calendar years preceding the deadline for submission of the prequalification questionnaire

“Arbitration” means any binding arbitration commenced within 5 calendar years preceding the deadline for submission of the prequalification questionnaire

“Claim” means a claim (excluding claims solely for the enforcement of stop notices) arising from design and/or construction work and includes, without limitation, claims for extra compensation and damages (including delay, disruption and acceleration damages, but excluding claims for personal injury or death), and claims for defective design or construction work.

“Pass-Through Claim” has the meaning commonly ascribed to it in the construction industry and also includes (i) any claim that was or is asserted by a person or entity, in whole or in part, against an Owner on behalf of a different person or entity; and (ii) any claim that was or is asserted by an Owner against a person or entity, and that was subsequently reasserted, in whole or in part, against a different person or entity

“Entity” means all entities and individuals who are intended to work as a part of, for, or under the prospective Bidder on the Project that is the subject of this prequalification process and includes, without limitation, such entities or individuals who are prime Bidders, and if a joint venture, all members of the joint venture.

Whenever a person or entity is referred to, the reference includes the person or entity and all partners, affiliates, subsidiaries, heirs, executors, administrators, assigns, predecessors and successors in interest of or to the person or entity. For instance, a reference to a Bidder includes the prospective Bidder and all partners, affiliates, subsidiaries, heirs, executors, administrators, assigns, insurers, predecessor businesses and successor businesses of the Bidder.

Can entity truthfully state that, within the past 5 years, the entity has **not** been a party to any lawsuits or arbitrations, where the total amount of Claims (including Pass-Through Claims) asserted **by or on behalf of** the entity exceeded \$50,000?

YES NO
