▼ Potential Respondent List

Is it possible to get a list of the firms that are potentially bidding on the inspection contract for the Merced 2020 work?

Asked 12/18/2015 9:06 AM by [Stephanie Shafer](#)

Answer

Information provided herein is reference material only; the University makes no representation or guarantee as to its accuracy. The below list of potential respondents are those firms that have accessed the RFQ through the Sourcing Director bid site, and may not represent the full list of interested parties. Furthermore, access of the RFQ does not require that the listed firms may actually submit. Firms are: AECOM Technical Services, Inc., Applesseed Strategy, Bureau Veritas North America, Inc., CSG Consultants, Inc., Interwest Consulting Group, Inc., Sabah International, Inc., Strategic Building Services, Sacramento Regional Builders Exchange
