### Site Infrastructure & Development Phase 6

Subject to conditions prescribed by the undersigned, sealed bids for Prime Trade Contractors are invited for the following Work:

**Site Infrastructure & Development Phase 6**  
**Project No.: 906070**  
**University of California**  
**Merced Campus, Merced County, Merced California**

Site Infrastructure & Development Phase 6 will be constructed by multiple prime trade contractors, each working under a separate contract or contracts with the University. This procurement is for prime contracts to perform the various bid packages of the project as listed below. A contractor who is awarded a contract will be referred to as a "Prime Trade Contractor".

#### Description of Project:

The Site Development & Infrastructure Phase 6 project will provide initial site preparation, including grading, leveling and hydroseeding of the non-developed 711 acres of the Campus that are outside the initial 104-acre campus layout, as well as for the northern portion of the University Community. This project will also construct site access roads; install campus perimeter fencing; install erosion control, and install a required canal crossing for the endangered local kit fox population.

The Project will be constructed using Multiple Prime Trade Contractors, totaling approximately three (3) unique Bid Packages, with each Prime Trade Contractor executing a direct Contract with the University. The University's Representative will provide full time, on-site Construction Management, including coordination, scheduling, inspection and quality assurance for the entire Project.

Prime Trade Bid Packages	Estimated Value	License Type
1. Grading	\$405,000	A
2. Carpentry	\$144,000	B
3. Landscape	\$360,000	C
