**REQUEST FOR STATEMENTS OF QUALIFICATIONS FOR
ARCHITECTURAL SERVICES**

Science and Engineering 1 – Space Renovations

Project No. 98065/900330

The Merced campus of the University of California is soliciting qualified architectural firms with experience in University teaching laboratories, research laboratories, and academic and administrative offices to submit written statements of qualification to provide architectural consulting services as an Executive Architect providing services such as programming and full architectural, engineering, and specialty services through the design, construction, and close-out phases for the project.

PROJECT BACKGROUND AND DESCRIPTION

The University of California, Merced is planning to design and renovate spaces in the Science and Engineering 1 Building, providing new teaching laboratories, research laboratories, and academic and administrative offices. This project will remodel selected portions of approximately 30,000 assignable square feet of spaces while the remaining building and spaces are expected to be fully operational. The campus is seeking an experienced consultant, to provide programming and full architectural and engineering services for the project.

The UC Merced campus is committed to sustainability and will require this project to maintain the current building LEED GOLD certification.

SCOPE OF SERVICES

The University is seeking to contract with an architecture firm as the Executive Architect for programming and full architectural and engineering services. It is anticipated that the work will require services in the following disciplines:

Architecture

Laboratory Design

Mechanical, Electrical, Plumbing, and Telecommunications Engineering

Cost Estimating

However, the University will be making the selection based solely on the demonstrated capabilities of that firm. When selected, the firm and the University may jointly identify the subconsultants that will form the rest of the design team.

The *Executive Agreement between the Regents of the University of California and the Design Professional (Executive Design Professional Agreement)*, the campus' standard contract between the University and the design professional, can be found as an attachment to this RFP. Firms should review the Agreement, and the firm that is selected will be asked to affirm the agreement without reservations to its terms.

QUALIFICATIONS

The University is seeking an executive architect with the following experience and qualifications:

- Excellence in programming and design on University teaching laboratories, research laboratories, and academic and administrative office space.
- Demonstrated technical excellence on University teaching laboratories, research laboratories, and academic and administrative offices including renovations.
- Demonstrated experience with sustainable renovation and construction, such as completed projects that received LEED GOLD ratings.
- Demonstrated excellence in adhering to tight project budgets and schedules from design through construction, including change order history of comparable projects.

- Experience working with multiple stakeholders in a single project.
- Experience in the public low bid environment.
- Experience with University of California projects is desirable.

SCHEDULE

The Executive Architect start date is anticipated to be January 2013. The project completion date is anticipated to be in 2016.

JOINT VENTURES/ASSOCIATIONS

By campus policy, proposals for joint or associated ventures will not be considered for this project. If two firms wish to combine in a project team, one firm must be proposed as a sub-consultant to the other.

SELECTION CRITERIA

The University is seeking a technically experienced, architecture and engineering team with skills consistent with its vision for the UC Merced campus. The Screening and Selection Committees will be interested in teams that:

- Have demonstrated firm experience in the programming and design of high quality and cost-effective University teaching laboratories, research laboratories, and academic and administrative office space projects, including renovation work.
- Have demonstrated within the firm, a strong team comprised of the design principal, project manager, and project architect that has worked together on relevant University teaching laboratories, research laboratories, and academic and administrative office space projects.
- Have proven firm and consultant team capability to provide creative, functional, flexible, and technologically sound design solutions with an economy of means and within the project budget.
- Have proven firm and consultant team experience with renovation and sustainable construction, such as completed projects that received LEED GOLD ratings.
- Have demonstrated firm and consultant team capability to respond creatively and sensitively to an existing architectural context.

SELECTION PROCESS

This Request for Statements of Qualification and attachments will be available at:

<http://www.ucmerced.edu/rfp-rfq> Thursday, December 13, 2012. Written Statements of Qualification should be in accordance with the attached Submittal Format. Submittals must be delivered to the address below no later **than 1:00 pm, Thursday, January 3, 2013**. Seven (7) copies of the submittal are required - in bound form. In addition, please fill out the attached non-mandatory Registration Form and email it to Jessica DeLora at jdellora@ucmerced.edu no later than 1:00PM, Thursday, December 20, 2012. The University will use the Registration Form to notify firms of any changes or updates. Firms that submit the Registration form will receive notification if any changes are made to the RFQ or schedule. The University reserves the right to make changes and adjustments to this Request for Statements of Qualifications at any time. Please watch the website for any updates. Failure to register with the University may result in firms not receiving notification of updates to the RFQ, should any be issued. The University shall not be responsible for a firm's failure to incorporate any updates that are issued.

Please address submittals to:
