Each prospective CM/Contractor must answer all of the following questions and provide all requested information. Any prospective CM/Contractor failing to do so may be deemed to be not responsive and not prequalified with respect to this Prequalification at the sole discretion of the University. All CM/Contractors that have submitted a Level 1 Prequalification Questionnaire will be notified in writing of whether or not they have successfully achieved Level 1 Prequalification status. Only those CM/Contractors that have successfully achieved Level 1 Prequalification status will be permitted to participate in the Level 2 Prequalification process. Those CM/Contractors that successfully achieve Level 2 Prequalification status will be determined to be prequalified and only those prequalified CM/Contractors will be eligible to submit a bid for this Project.

If the bidder can refute some of the facts upon which the above determinations were based, the bidder may request a review by the Facility. The decision resulting from such review is final and is not appealable within the University of California.
